Conservative Traditional EAC Grading under Grade; SLAB grade under Notes.

EAC to Third Party Grading translation (approximate)

EAC Grade	Third Party Grade	Anything with more than about a 20% to 25% drop from EAC Sharpness to EAC Net grade will likely be details; sometimes we see TPG graded coins with 30% drop to EAC Net; othertimes we see TPG details that only have a 15% drop.
1 - 8	1 - 8	For PR1 to VG8 - Occasionally TPG is stricter due to late die states not accurately factored in
